

## HOTEL METHUSELAH TECH SPEC

The set for Hotel Methuselah can be configured in two ways for different size spaces. We prefer to use the larger configuration to allow a clearer projected image without the use of a mirror. Please get in touch if you have any questions about these plans.

imitating the dog can provide ALL technical equipment including projectors, visual playback devices and sound equipment. The piece uses surround sound and for venues without adequate equipment we can provide speakers and amplifiers. However, we will be in touch to see if we can utilise the in-house PA as part of the system. The piece has minimal lighting requirements and only really needs 6 Source4/Profile lights and a programmable lighting board.

Any problems please contact Simon:

**T** - 07946544749

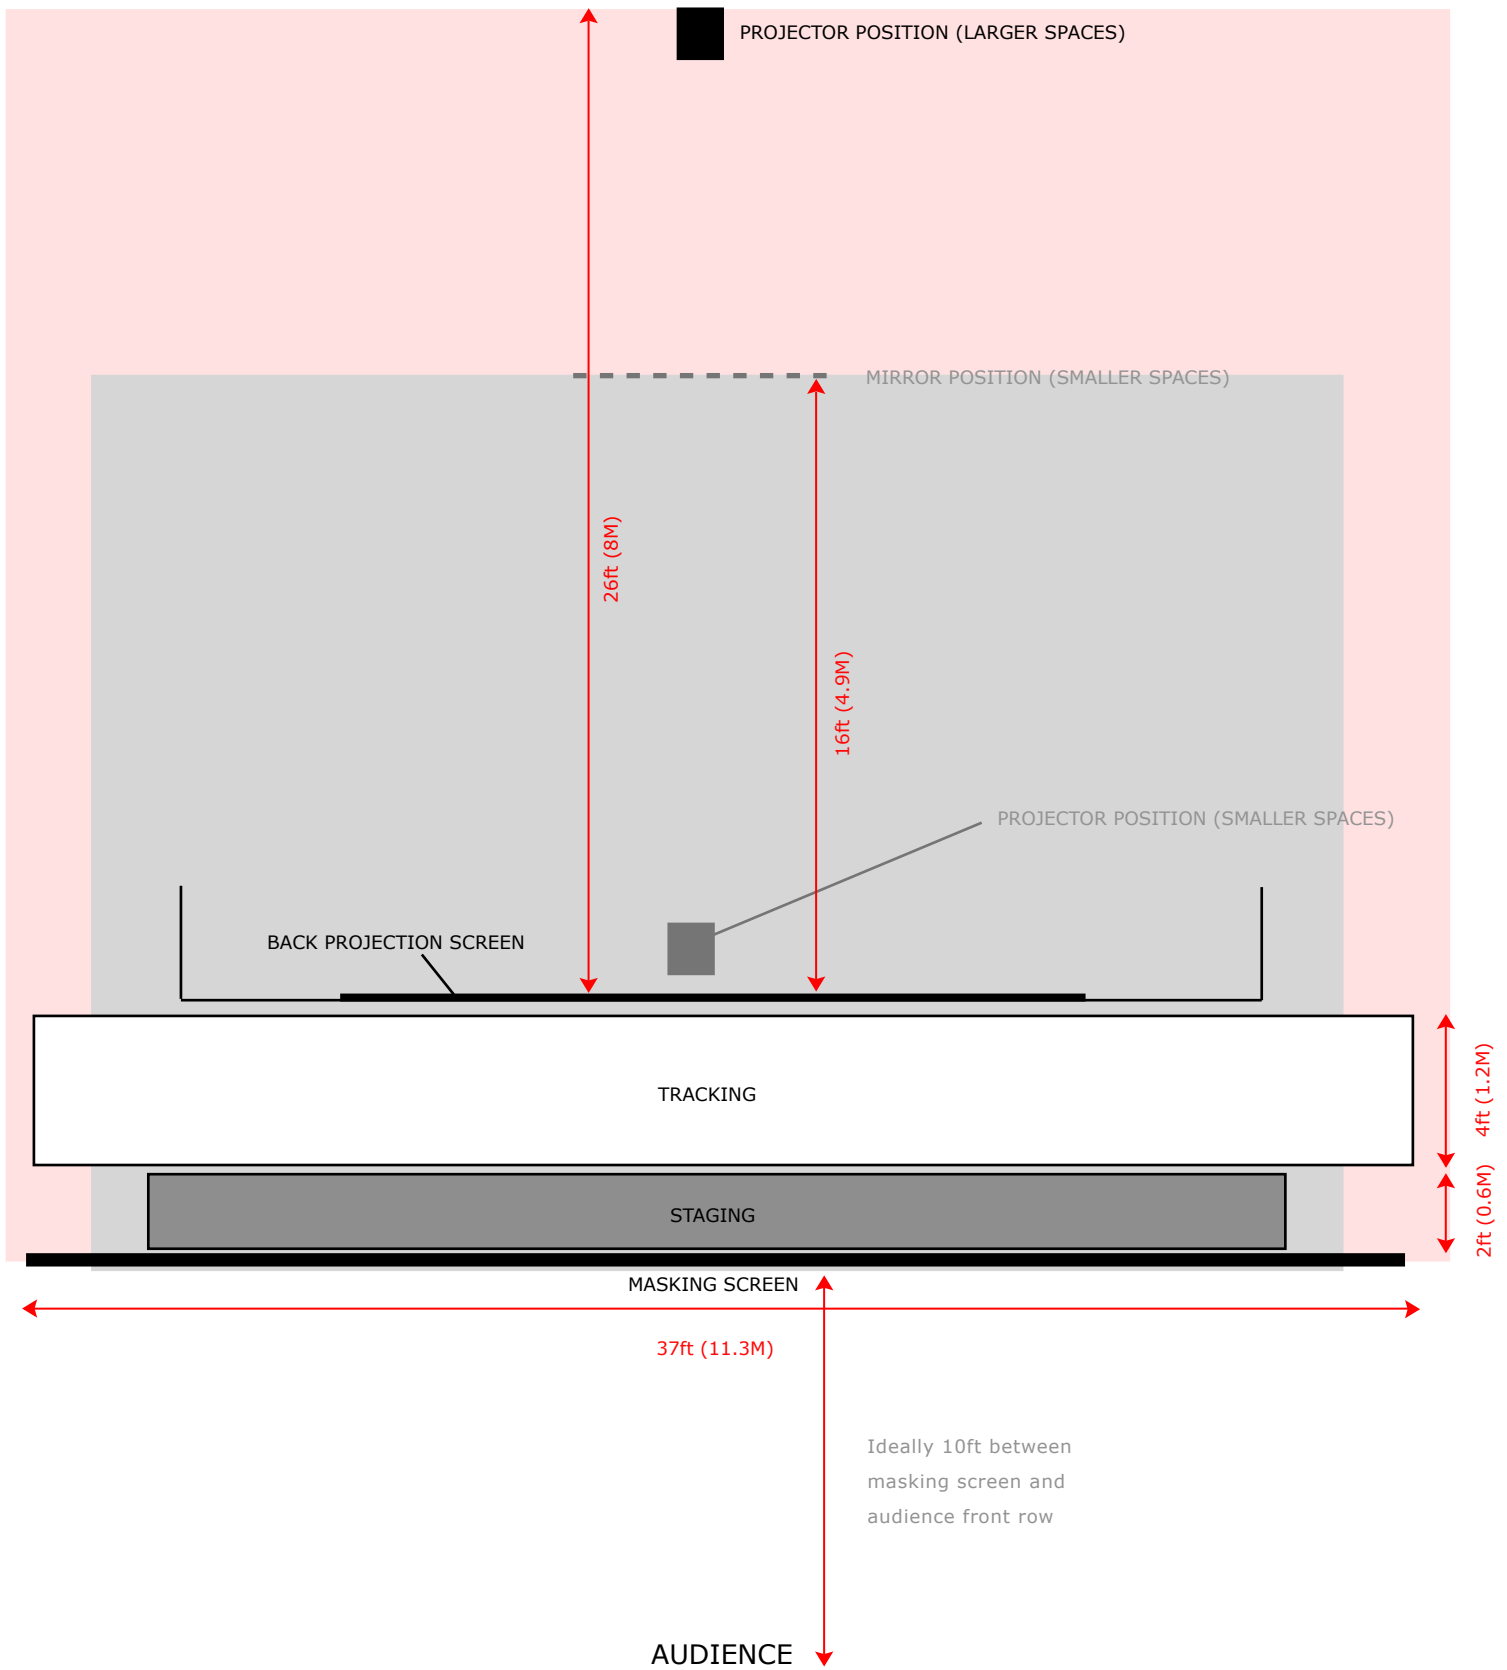

**E** - [simon@imitatingthedog.co.uk](mailto:simon@imitatingthedog.co.uk)

**A** - 6, Ivy House, Church Lane, Leeds, LS7 4LY

Due to the size and complexity of the set an extra day will be required for the get-in before the first day of the performance.

Thanks

imitating the dog

TOTAL PLAYING AREA

- FOR LARGER SPACES - WIDTH = 42 ft (12.8M) / DEPTH = 36ft (11M)
- FOR SMALLER SPACES - WIDTH = 32 ft (9.8M) / DEPTH = 24ft (7.3M)
