

# Environmental Sustainability

**Q:** What does environmental sustainability mean to us?

**A:** Growing in a way which enables us to tread lightly on the Earth, whilst also inspiring others to reduce their footprint

## Our Carbon Footprint at a glance 2019/2020

Impact	Consumption	Carbon
Business Travel	26,137 km	6 tonnes CO2e
Personnel Travel	89,307 km	4 tonnes CO2e
Freight Travel	4,661 km	4 tonnes CO2e
Accommodation	678 hotel room nights	2 tonnes CO2e
Lighting & Sound	4,437 kWh	1 tonnes CO2e
	<b>Emissions Total</b>	<b>17 tonnes CO2e</b>

# Environmental Sustainability

## In 2020/2021 we will:

Minimise the impact of our activities  
Engage with environmental issues  
Encourage others to engage with these issues  
Share learning with other organisations, promoting best practice

### People

- Review baseline measures taken in 2019/2020
- Review targets, set goals, utilise online tools
- Share learning with partners
- Continue to invest in carbon offset projects
- Monitor delivery of our environmental action plan
- Continue to share our strategy with our team with recommended environmental measures
- Continue to promote environmentally sustainable methods for audiences to access productions
- Continue to communicate our environmental aims to audiences

### Our Activities

- Continue to hold meetings remotely, taking learning from the Covid pandemic
- Touring – plan the most effective travel pattern
- Continue to ask venues to share their environmental policies with us
- Develop further our online marketing methods
- Continue to minimise printing
- Research opportunities to bank more ethically

### Resources

- Continue to maximise our use of digital technology in productions
- Re-use costumes, set and materials
- Request environmental policies when ordering from major suppliers
- Build relationships with recycle and re-use organisations
- Minimise energy use where possible: low energy light bulbs, rechargeable batteries
- Measure any waste produced from projects and performance runs

### Leading

- Keep updating our website's new dedicated page The Green Space
- Continue the sustainability conversation begun with other companies, sharing learning
- Publish our environmental priorities and actions
- Share our environmental aims and targets with partner organisations and practitioners
